

Peace & Nature Membership Guidelines

Thank you very much for joining Peace & Nature (P&N). P&N is an organization founded in 2003 with members from Japan and around the world. People of all ages and nationalities work together based on our yearly schedule to create a safe environment and food by hand. We look forward to your participation.

➤ Philosophy

Our activities are based on the themes of “world peace and global environment”. Our goals are to help Japanese and non-Japanese children grow up healthy and strong, promote interaction between urban and rural areas and revitalize these rural areas, and contribute to creating a peaceful earth with a bountiful natural environment.

➤ The three pillars of our activities
