

NPO 法人 Peace & Nature

## Online Seminar Participation Agreement

I agree to the following

1. Please participate as much as possible with your video on, as it is easier for the instructor and participants to get to know each other if they can see each other's face and facial expressions. (If there is a communication problem, or if you have a reason to participate without video, please feel free to participate with the video off.)
2. Please refrain from recording or video recording.  
(The organizers reserve the right to record for their own purposes.)
3. Please mute your microphone during the presentation.
4. If you experience any online problems, such as audio or video issues, please disconnect and re-enter the Zoom meeting.
